**Fact Sheet for My Elected Congressional Representatives:
YOU HAVE THE POWER TO #ExitUN – USE IT!
Cosponsor and Support the
“Disengaging Entirely From the United Nations Debacle Act of 2023”
The United Nations¹ Threatens US Rights and Sovereignty**

Your Oath of Office to support the Constitution requires you to co-sponsor and vote for the “*Disengaging Entirely From the United Nations Debacle Act of 2023*” (HR:6645/S:3428).

The Bills currently before Congress end our fraudulent entanglement with the UN. Voting to end that entanglement will absolve you from legal responsibility for the continued fraud against the United States and the Constitution.

Continued US membership in the United Nations is intolerable because:

- The US Constitution and UN’s Universal Declaration of Human Rights are mutually incompatible. Either our rights are ‘inalienable’ or they can be granted and withdrawn by the UN.
- Upon the September 23, 2024 scheduled adoption of *Pact for the Future* by the UN General Assembly, UN governance prevails, terminating our ability to hold our rights to be ‘inalienable’ and eviscerating our national sovereignty, freedom of speech, movement and personal autonomy.
- Your congressional immunity may be insufficient to protect you from RICO and other criminal charges if you fail to act to end the on-going UN membership fraud which has been worked upon the people of the US since 1945 when the signing of the UN Charter was misrepresented to the Senate as the ratification of a ‘treaty.’²
- Treaty obligations can only be entered into between sovereign states. The UN is merely a private club of countries.
- The US has no treaty or obligation requiring it to adopt any UN policy.
- UN policies serve globalist aspirations and are antithetical to US stability and wellbeing; the World Health Organization’s (WHO) disastrous COVID policies and ‘Pandemic Treaty’ present clear examples.

The UN’s self-authorized, ever-expanding, unregulated authority and intrusive social reorganization threatens the fabric of life in the US. Compliance with UN programs (e.g., Agenda21/2030, One Health, Comprehensive Sexuality Education, Digital Vaccine Passports, 15 minute cities, etc.) is based upon the presumption of treaty obligation to an organization with which no treaty can exist.

All laws, regulations, policies, and agencies implementing any UN program must be reviewed, reversed and/or revoked immediately following the passage of HR:6645/S:3428 Any and all participation, past, present or future, in the UN, et.al., violates my constitutional rights and protections.
